INCENTIVE TRIP IN LAPLAND - ADVENTURE UNDER THE NORTHERN LIGHTS

Winter Lapland with an expert polar explorer

This trip is ideal for anyone, no matter her or his age or physical condition, to discover the winter Arctic in all its fullness. Sailing in an icebreaker ship, driving snowmobiles on a frozen sea, going into boreal forests by dogsled, visiting Santa Claus and his village, have fun at the "Lappish Olympics", swimming with a thermal and waterproof suit in the frigid Baltic Sea, etc. All this in complete safety thanks to the supervision of Jose Naranjo, a polar explorer who will accompany us during the trip. Six days full of nature, adventure, magic and... luck!

...Or at least, it is what think Japanese people. According to them, the person who watch an Aurora Borealis will be lucky all her or his life. Whereas, Lappishs people believe that the "Northern Lights" is the trail left by a fox that crosses the sky with its tail on fire. And to see the sky "on fire", for example in the middle of a frozen lake surrounded by thousands of snowy pine trees is a vision that one can never forget...

But not only is nature what offers Lapland. Here the traveler can enjoy many different activities on the snow. How about riding a snowmobile through forests full of snow? or How about driving a dog sled on the frozen Baltic Sea and reach an icebreaker, and the sailing breaking the ice sea? The more adventurous ones can even jump into the icy sea, with the safety of a thermal and waterproof suit and the company of an expert polar explorer.

The end of the trip is full of Lappish magic. We will stroll in a sleigh pulled by reindeer and we will visit Santa Claus Village, located in the very Arctic Circle. Sure "Joulupukin will be happy to welcome us in his home. Why do not take advantage to ask him for sending a letter our beloved ones? So they will received it next Christma...
