

NORTH POLE BY ICEBREAKER SHIP

Where every direction is South

Achieve the mythical 90° North was the obsession of great explorers and nations for centuries. Now is our chance to step on one of the most inaccessible and elusive corners on the Earth: the Geographic North Pole.

Our journey aboard an magnificent icebreaker ship will take us through the shifting ice sea of the Arctic Ocean, the northernmost land of the Eurasian continent and the frigid Barents Sea to reach the place where all Earth meridians converge.

Not only from the sea level we are going to admire the endless landscape, we can also fly in a helicopter which is on board the icebreaker. From the heights, we will see the ice floes floating adrift, the huge pressure ridges and how is progressing our boat through a world of ice. We will land also in Franz Josef Land, an archipelago with large colonies of seabirds and which is the northernmost land of the Eurasian continent.

TRAVEL PROGRAM

Day 1

HELSINKI

Flight to Helsinki (Finland). Accommodation in hotel.

Day 2

HELSINKI - MURMANSK.

Flight Helsinki - Murmansk (Russia). This city, the largest in the Arctic, is the port of the Russian icebreaker fleet. Boarding the icebreaker "Victoria." Navigation in the Barents Sea.

Days 3 to 7

ARCTIC OCEAN.

In our navigation to the "roof of the World" our polar historian will tell us the dramatic conquest of the North Pole. Also, our marine biologist in an audiovisual lecture will talk about the Arctic Ocean ecosystem. And our ornithologist will accompany us to learn to recognize the different species of birds that roam the Arctic skies. We will have time for an aerial flight by helicopter where we will see how our boat is move ahead breaking the frozen ice sea.

Day 8

GEOGRAPHIC NORTH POLE.

If weather conditions permit this day we will arrive at the legendary 90° North. The place where all directions are south. Here we will go down to the ice sea to enjoy touching one of the most inaccessible parts of the planet.

Days 9 to 11

SOUTHBOUND.

On our return to the south, the leaders of the expedition will prepare us to land at the "Franz Josef Land" an archipelago located in the middle of the Arctic Ocean, with great geological and historical richness, whose landscape and nature have an incomparable beauty .

Day 12

FRANZ JOSEPH LAND.

As soon as the weather and visibility conditions allow the helicopter will take us to one of the islands of the archipelago of Franz Joseph, who has the honor of being the northernmost land of the Eurasian continent. This land is home to numerous colonies of seabirds.

Days 13 and 14

BARENTS SEA.

Sailing in the Barents Sea back to Murmansk.

Day 15

MURMANSK - HELSINKI.

Disembarking and flight to Helsinki. Accommodation in hotel.

Day 16

HELSINKI - HOME
Flight Helsinki - home.

WARNING

This trip is an expedition where unforeseen circumstances may occur and therefore the program is subject to change on the ground for weather reasons, logistical matters, ice and snow conditions or force majeure.
